

Mobile PSA Blood Testing Clinic Corporate Sponsorship Opportunities

Ahead of the introduction of the NHS operated Mobile PSA Blood Testing Clinic in Summer 2022, the Prostate Project is delighted to present three, exclusive sponsorship opportunities, as well as other bespoke packages.

The mobile clinic will travel extensively throughout Surrey, Sussex, and Hampshire, visiting large workplaces, shopping centres, sporting events, community centres and live music concerts, raising awareness of prostate cancer, and of course delivering access to PSA blood tests.

As an NHS operated clinic, branding opportunities are at a premium, but we are delighted to present the following, 1 year offer to our existing supporters.

Level 1 - Suggested donation £1,000 - 25cm x 25cm Company Logo to appear on the side of the vehicle. (Limited to 20 businesses)

Level 2 - Suggested donation £2,000 - 40cm x 40cm Company Logo to appear on the side of the vehicle. (Limited to 10 businesses)

Level 3 - Suggested Donation £5,000 - 80cm x 80cm Company logo to appear on the rear of the vehicle. (Limited to 2 businesses)

While the vehicle branding offers high profile visual impact, all supporters will also benefit from our extensive social media presence, newsletters, e-shots, and media output.

We genuinely understand that this is a business relationship, and we will work hard to make sure that your investment is rewarded not just with goodwill, but also with tangible, measurable results.

Giving is not a one-way street.
